Turkish Jets Roar Over Cyprus Again

NICOSIA, Cyprus (AP) — Turkish warplanes flew over northwest Cyprus again today despite an appeal made by the U.N. Security Council a few hours earlier that all such flights stop.

Police in Morphou, 25 miles west of Nicosia, sounded the air raid alarm.

Two Gemini Flights Expected This Year

HOUSTON, Tex. (AP) — Top space officials said today only unforeseen problems would keep two Gemini flights from being made this year.

Charles W. Mathews, Gemini program director, indicated all the bugs have been ironed out of the spacecraft and they will be ready for shipping to Cape Kennedy, Fla., before the end of August.

"I will be completely honest," he said, "the situation is very tight but we still plan the unmanned flight before October and the manned mission in December."

"I can say we are not going to accelerate activity so the crew's safety is endangered."

"We are not going to stick our heads in the sand and rush blindly along just to meet a schedule, and by the same token, we are not going to doggedly maintain we can meet the schedule when we know we can't."

Gemini is about one year behind the schedule originally announced in 1962. In May 1963 a top level meeting set new schedules after a hard look at the program.

The present schedule calls for the first flight to be unmanned — it originally was set to be the first manned flight — and to be made in the third quarter of 1964, which includes July, August and September.

These are the only dates offi-

from the direction of Xeros Port, six miles farther west.

United Nations headquarters in Nicosia confirmed the reappearance of Turkish planes but a spokesman said first information only told of one Turkish jet fighter flying low over the Turkish-held village of Kokkina.

The Morphou alert lasted more than an hour. Citizens said two Turkish jets roared over several times, apparently flying between Morphou and Xeros.

Turkish jet fighters carried out daily attacks on Greek Cypriot villages in northwest Cyprus from last Friday until Monday.

Tuesday, Turkish planes confined their flights to reconnaissance over the Kokkina region where Greek and Turkish Cypriot forces are observing a cease fire after heavy fighting last week.

President Makarios said his Greek Cypriots would fight "alone or with others" to preserve their rule of Cyprus, in a broadcast Tuesday that underscored a rift with Greece.

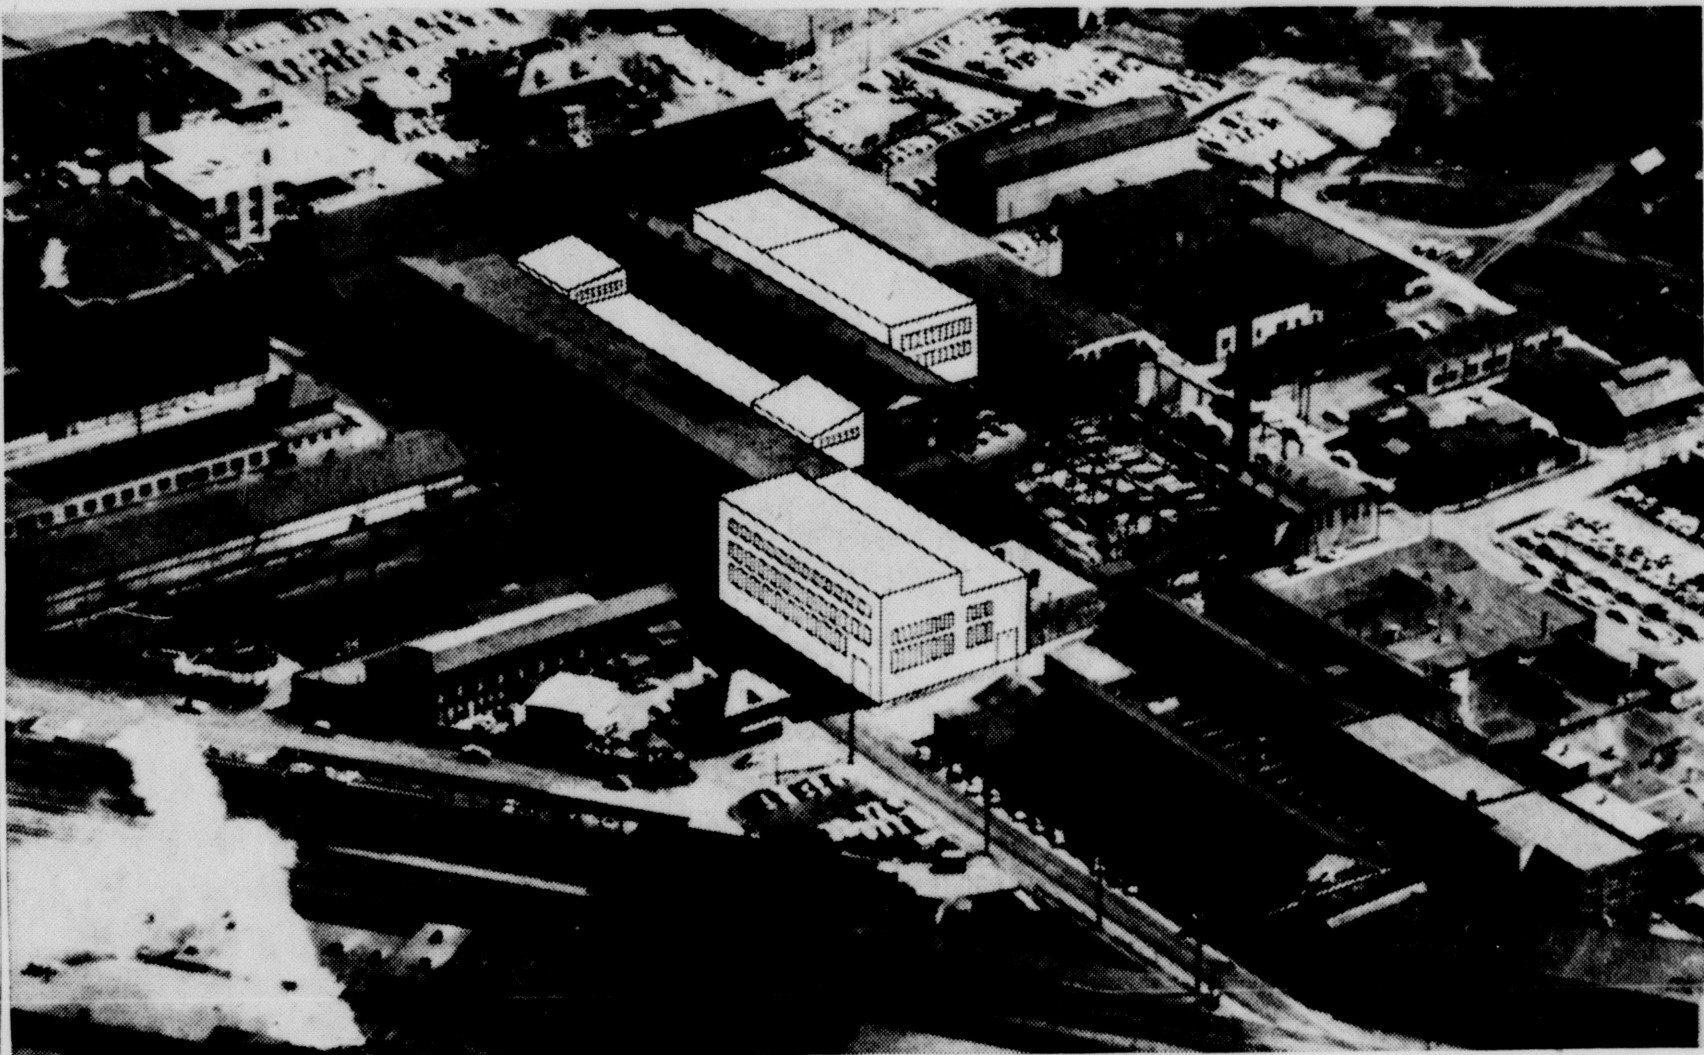

While Makarios rallied his people in the nationwide broadcast, Athens radio said Greek Cypriots launched an offensive against Turkish Cypriot positions in northwest Cyprus Aug. 5 without consulting Greece. Turkey responded with four days of air attacks on Greek Cypriot territory.

Athens radio said the Greek Cypriots broke an agreement in failing to get Greece's approval of the military campaign.

It said Greek Premier George Papandreu sent a cable to Makarios saying: "I express my deepest sorrow because we have agreed differently and you have acted differently."

Greek Cypriot Foreign Minister Spyros Kyprianou flew to Athens Tuesday and met with Papandreu according to Athens radio. Later, the Greek government issued a communique pledging full support to Greek Cypriots in case of another Turkish attack.

"In view of the barbaric Turkish bombing of the non-combatant population, the Athens government decided in an extraordinary session to throw its

THIS IS AN AERIAL VIEW of the E. W. Bliss Company plant in the center of Salem's industrial district where the company will spend \$2 million for expansion and modernization. Drawn-in on the photo are the new buildings which include an extension of the erection bays and construction of a centralized shop

office and general services center.

Production equipment will be upgraded with acquisition of large tape controlled multi-head planer type milling machine, a large stress relieving furnace, metal inert gas welding units and a magnetic particle inspection unit.

Modernization Here Already In Progress

Firm's Pittsburgh, Midland Shops To Be Improved

The E. W. Bliss Company will continue the expansion of its Rolling Mill Divisions with additional capital investments in excess of \$7,000,000 Carl E. Anderson, Bliss president, announced today.

Plants affected are located here in Salem, Pittsburgh and Midland, Pa.

Charles E. Peterson, group vice president of the Rolling Mill Divisions, disclosed the overall scope of the current plans, the approximate timetable and the allocation of funds.

The expenditures for expansion and modernization at the Rolling Mill plant in Salem will approximate \$2,000,000. The program here, some of which is in progress, includes new building construction, some renovation and the upgrading of production equipment. The shop erection area and the weld shop area are both being increased by 50 per cent, and a new centralized shop office and general services center is planned.

Included in the upgrading of production equipment is the acquisition of a large tape-controlled multi-head planer type milling machine, a larger stress relieving furnace, metal inert gas welding units and a magnetic particle inspection unit. These current expenditures augment the recently completed construction of a new machine shop and the installation of a substantial number of the newer machine tools.

According to Peterson, the program for Salem will be completed within the next ten months.

Pittsburgh Program
The Mackintosh - Hemphill plant in Pittsburgh will have the largest participation, with projected expenditures approximating \$5,000,000 already well beyond the planning stage.

Included in that program are a new building to be constructed on recently purchased land adjacent to the present plant,

Only 3 Latin Nations Continue Relations

Cuba Ties Ended by Chile Government

SANTIAGO, Chile (AP) — Only three Latin American nations remained on diplomatic terms with Cuba today after Chile severed relations with Fidel Castro's Communist regime. Chile's move isolates Cuba from all its neighbors except Uruguay, Bolivia and Mexico.

The break came only three weeks before Chile's voters are to choose a new president. A hot issue in the campaign is whether U.S. corporations, especially copper companies, should be taken over by the Chilean government.

Some diplomatic observers here think the break with Cuba will hurt the chances of Salvador Allende, a Communist-backed Socialist who is cam-

paing for president on a soak-the-Americans platform.

The other leading candidate is Christian Democrat Eduardo Frei, a moderate leftist. Although an advocate of reforms, Frei has not suggested that the government take over U.S. corporations.

After the break was announced, Chile's biggest labor organization, the Communist-dominated Central of Workers, said it would retaliate with a nationwide strike. No date has been revealed.

The break with Havana was the first under sanctions voted by the foreign ministers of the Organization of American

LBJ Denies Barry's Charge Claims U.S. Is Not Depleting Arsenal

WASHINGTON (AP) — President Johnson and the Pentagon have fired back at Sen. Barry Goldwater's charge that the Administration is depleting the "arsenal for the defense of freedom."

The Defense Department described as "totally false" Goldwater's statement that the U.S. capacity to deliver nuclear weapons may be reduced by 90 per cent in the next decade.

And President Johnson, addressing the same audience that heard Goldwater's charge — the members of the National Association of Counties — said:

"Our resources are committed, our sacrifices are made, our vigil is maintained so that there shall be no win for aggression in our times."

In his speech Monday, Goldwater, the Republican presidential nominee, said the United States faces the prospect of going into the 1970s without a single new manned bomber.

"Under our present defense leadership, with its utter disregard for new weapons, our deliverable nuclear capacity may be cut down by 90 per cent in the next decade," Goldwater asserted, unless present plans are changed.

Not so, the Pentagon said Tuesday night through Assistant Secretary of Defense Arthur Sylvester.

Sylvester's statement said Goldwater's charge was "not only without foundation but contrary to the facts."

"The facts are," the statement said, "that in 1970 we will have a capability to deliver on target 2½ times as many warheads as we had in 1961 and a greater number than we have today."

A Goldwater speechwriter, Karl Hess, said Goldwater's forecast was based on public information about bombers, missiles and their payloads.

"You take what we've got and you take what we're going to have and that is the result," said Hess. He said no classified information had been used.

Before Joining GOP Summit Confab

Barry, Rockefeller Hold Private Talk

HERSHEY, Pa. (AP) — Republican chieftains gathered in summit conference today in the wake of a secret preview talk between GOP presidential nominee Barry Goldwater and Gov. Nelson A. Rockefeller of New York.

The Arizona senator and the New York governor were to fly in early today for the closed-door conclave of 38 party leaders, among them former President Dwight D. Eisenhower.

GOP governors and gubernatorial candidates, summoned here by the Arizona senator, talked confidentially of party unity as they gathered for the conference.

But there was no word on the outcome of the secret session

Tuesday that brought Rockefeller, a leader among Republican moderates, to Goldwater's Washington apartment.

That session recalled Rockefeller's 1960 rendezvous with former Vice President Richard M. Nixon in New York. The Rockefeller-Nixon meeting helped shape the party's moderate 1960 platform. Goldwater called it "a Munich."

There was another advance gathering, at the mansion of Pennsylvania Gov. William W. Scranton in nearby Indiantown Gap. About two dozen top Republicans, among them vice presidential nominee William E. Miller of New York and national chairman Dean Burch, were on hand for a private dinner there Tuesday night.

It was billed as purely a social gathering, and Miller said no business was transacted.

Burch said he knew of the Rockefeller-Goldwater meeting,

School Levies Filed With Election Board

Arthur Furey, clerk of the Salem Board of Education, today delivered the official papers for the three school levies totaling 12.5 mills to the Board of Elections in East Liverpool for placing on the Nov. 3 ballot.

Resolutions for the three levies — a 2.5 renewal, a 7.5 operating levy, mainly for increased teachers' salaries, and a 2.5 "pay-as-you-go" levy — were in the hands of clerk Frank O'Hanlon well ahead of the Sept. 15 deadline for such propositions.

The \$815,000 bond issue was certified to the election board last month since the deadline for these falls earlier. The bond issue is proposed by the board for the construction, equipping and furnishing additional rooms at the Senior High School.

The board has made a staunch effort to submit all issues to voters as separate measures so that each issue stand on its own.

Action on employment of non-certificated personnel and the acceptance of coal and milk bids are two main items on the docket for next Monday night's meeting.

New appropriations for the Trades & Industries program and the Salem School of Technology may also be considered if these are ready by the time of the meeting.

Income Tax Quarter Yield Is \$57,105

Income tax receipts for the quarter ending July 31 totaled \$57,105.96, according to City Auditor Helen Coyne.

The figure boosts this year's total collection \$17,688.10 over the amount collected during the same period of 1963.

Of the figure collected this quarter, \$45,591 was from employers' withholding tax, \$7,872.17 in business returns and \$3,642.55 in individual returns.

To date this year, a total of \$172,708.17 has been collected, including penalties and interest. Of the total, \$136,857.03 has come from employers' withholding, \$19,178.39 from business returns and \$16,672.25 from individual returns.

Korean Farm Youth Visits Here 3 Weeks

Korean farmer Dong-Ho Shur, 26, arrived in Columbiana County today to stay with Mr. and Mrs. J. Harold McCullough of the Depot Road, Salem RD 2, until Sept. 5.

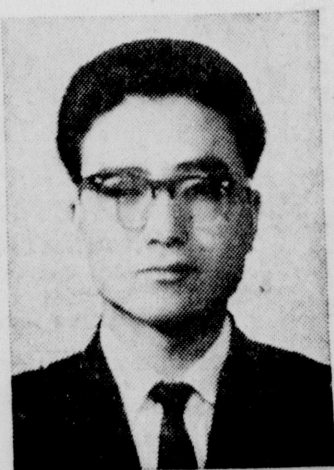

A graduate of Seoul University, Shur has lived on a 10-acre general farm for 20 years. He served four years as the leader of a Korean 4-H club.

He is in this country under the International Farm Youth Exchange Program. He lived with families in Missouri this spring and summer, and will visit other Ohio farm families before returning to Korea in November.

Robert B. Lewis, County 4-H agent, said Columbiana County has been host to 12 IFYE's since the program began in 1948.

R.S. McCulloch Heads Fund Drive

By LYNN BROWNE

The Salem Area Industrial Development Corporation will attempt to raise \$100,000 in a concerted two-week fund drive Aug. 18 to Aug. 31, with R. S. McCulloch Sr. as campaign chairman.

A meeting of all campaign workers is scheduled Thursday evening at the Lape Hotel when drive plans will be crystallized.

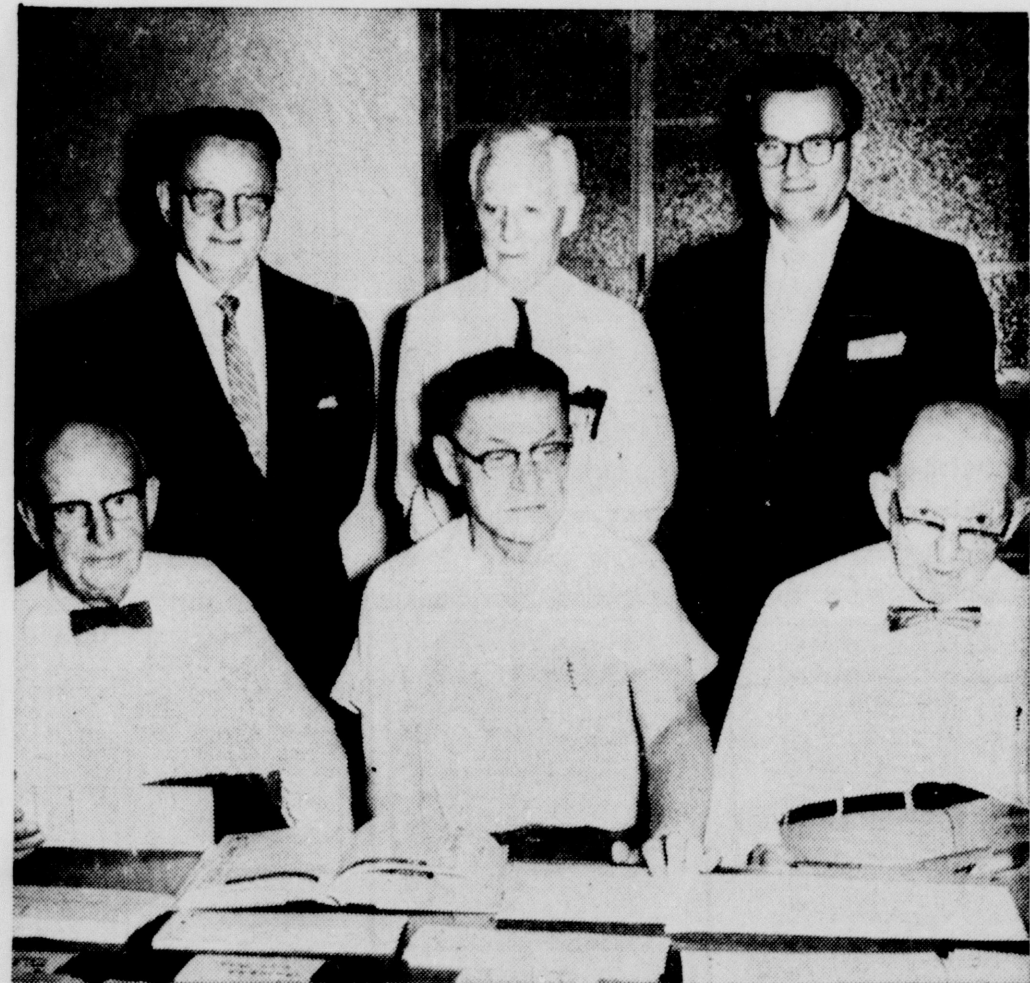

SAIDC officials, who list the bringing of the Atlantic & Pacific Tea Co. refrigerated warehouse to the area as their biggest accomplishment to date, point out that additional funds are necessary at this time to pay debts incurred in the last year.

An attractively prepared SAIDC brochure notes that the organization spent more money than was anticipated in getting the A & P property just south of the city on the Lisbon Rd. ready for occupancy, and also says that:

"Every town strives for diversified industry and many of the city's industrial leaders have advocated for some time that we promote an industrial park for small industries."

"This plan would require a revolving fund of at least \$300,000."

Division Leaders Named

Gordon have been named division captains for the fund drive. About 800 letters have already been sent out with information concerning the corporation and explaining in detail its operation and need for additional monies.

McCulloch reminds that when SAIDC was originally set up, stock was sold.

"What we are asking for now," he said are monetary gifts. And any donation, of course, can be listed by the donors as an income tax deduction.

225 Attend Rotary Picnic at Columbiana

By MARGIE WRIGHT
COLUMBIANA — Columbiana Rotary Club entertained foster children of Columbiana County and their foster parents during the annual Foster Children's picnic Monday at Firestone Park. Two hundred and twenty-five children, parents and Rotarians attended the event.

Robert Williams was in charge of games and entertainment and the Isaly Dairy Co. provided a merry-go-round for the occasion.

Next week's community service meeting will be in the form of a barbecue at Firestone Farms with members of the Boardman Rotary Club as guests.

PLANS FOR the membership drive were discussed at the Columbiana Chamber of Commerce meeting Monday at the Kaiser Refractories office. According to a spokesman, each business or industry will be urged to join the organization.

The Chamber also will set up a booth at the Street Fair for the purpose of promoting the drive for new members.

WILLIAM CROSBY, public relations representative from the Prentiss Normal and Industrial Institute at Prentiss, Miss., presented a brief history of the co-educational institute now in its 57th year, at Monday's Kiwanis Club meeting at Heck's Restaurant. Crosby was introduced by Gus Isaksson, president.

Plans were completed for the club's annual picnic at 6:30 p.m. Monday at pavilion 2 of Firestone Park. At the conclusion of the meeting, members of the club held a practice session in preparation for the annual game Aug. 31.

Ray Morris was a guest of Charles Rohrer and Jim Warrick was the guest of his father, Everett Warrick. Fred Floeding was visitor from the Leetonia Kiwanis Club.

Using Popular Film or Book For TV Series Is Good Idea

By CYNTHIA LOWRY
AP Television-Radio Writer
HOLLYWOOD (AP) — Should ABC's new comedy series, "No Time For Sergeants" prove to be anything like the movie of the same name, a better title for the television series would be "Jethro Clappett Joins the Army."

The business of adapting a popular film or book as a series has certain marked advantages. "Dr. Kildare" made its television debut as a pioneering doctor show with a bit of audience insurance because a lot of people knew and loved the old radio and movie "Kildare" shows.

"Sergeants" has the advantage of the popular hillbilly theme of an innocent country jake who naively outwits the sharp con men — at least that was the way it was in the movie, now visible around the channels in reruns.

Getting a television program onto the air is an expensive gamble with odds so high against a hit show that it is surprising so many people are willing to take the risk.

An even more delicate operation, however, is maintaining public interest in a series that has been around a few seasons and whose format is beginning to wear thin.

Thus at the beginning of each new television season we inevitably hear about changes in progress.

For instance, this season NBC will send "Dr. Kildare" to Rome, far from his usual hospital base, and Bill Dana's bellhop character will have a chance to leave his hotel occasionally.

"Rawhide," which has been driving that herd of cattle over the CBS plains for years, will spruce up with some big-name guest stars, while "Gunsmoke's" Marshal Dillon will have a new sidekick after all those years of relying on Chester for chuckles.

"Lassie" will lose her old adoring family and start life anew with an adoring forest ranger. "Mr. Novak" will encounter a new, pretty dean of girls at his high school, and Andy Griffith will be romantically interested in a new girl in town for the second of third time since the series started.

Queen to Reign At Beaver Local September Event

Entries are open for girls wishing to enter the queen contest of the Beaver Local Fall Festival to be held Sept. 23 to 26 at the high school. Girls wishing to enter the contest must be between the ages of 15 and 19 years on Oct. 15, 1964.

Mrs. Warren Bradley, Sr. and Mrs. George Gaydos were named co-chairmen of the queen event when 12 members of the Beaver Local Booster Club met Tuesday at the public school with James McLaughlin presiding.

Mrs. Charles Green and Mrs. Frank Copestick, Jr. were appointed co-chairmen of the kitchen for the fair.

The project of erecting and painting of football bleachers at the high school will begin at 6 p.m. Monday with Theodore Taylor in charge. Additional help is needed for the project, which will continue at 6 p.m. Tuesday, Wednesday and Friday.

Leslie Jones, co-chairman of the auction sale to be held at 7 p.m. Saturday at the public school stated that plans are nearing completion for the event.

Mrs. Green served refreshments. Bills of \$929.88 were approved paid.

Next meeting will be at 7:30 p.m. Aug. 25 at the public school with Mr. and Mrs. Gail Williams in charge of refreshments.

Meet a Sleepwalker

By HARRY F. ROSENTHAL
KANSAS CITY, Mo. (AP) —
Meet a sleepwalker — the kind
who's liable to show up in pajamas
at a neighbor's full-dress
cocktail party to talk about
foam-rubber capstans or the
Malaysian market for blue candies.

There must be others like
him, but you rarely hear of
them because they aren't organized.
What's needed is a group
called Somnambulists Anonymous
or SWAP — Sleep Walkers
Are People — or even SLUMBERING
— so let us meander
boldly everywhere robed in
night garb.

His wife, doctor and assorted
hospital attendants confirm his

sleeping hours are a weird kaleidoscope of grotesque actions.
He is likely to startle his wife in
the darkness by saying: "Peacock
plumes make caviar for squids."
The trouble is that he's never
awake to know it. He is left to
wander and talk through a mistaken
notion that sleepwalkers shouldn't
be awakened. The curiosity of man
has been piqued for centuries by
his nocturnal fraternity — they were
once thought bewitched — and even
modern medical books kiss off
somnambulism as a psychoneurosis.
It's more than that, though.
It's a nocturnal adventure in genuinity.

There is nothing of the hands-outstretched, ghost-like walk in
the real sleepwalker, although
that's always been the caricature
of him. He walks normally with
the uncanny ability of making
his way safely around furniture,
over electric cords and through
closed doors.
I should know, because my wife
tells me about it the next day.
I've been a sleepwalker all my life.
There was the time, with two
feet of snow on the ground, when
she caught me at the corner of a
block away, dressed for a night

U.S. Marines Best Outfit In World, Israeli Officer Says

By BEM PRICE
WASHINGTON (AP) — Once upon a time, a U.S. Marine Corps squad was supposed to consist of 16 men and a publicity sergeant.

This was, of course, sour grapes from Army types.

President Harry S. Truman once accused the Marines of possessing a "propaganda machine that is almost equal to Stalin's."

Truman couldn't have done worse if he had criticized motherhood. He subsequently apologized for his "unfortunate choice of language."

In brief, it usually is about as safe to criticize Marines as it is to lift beagles by their ears.

Now, practically for the first time in living memory, there has been an independent critique of the Marines which has been published recently although in Hebrew.

It is addressed to the question: Are the Marines really as good as they say they are?

While it is a natural question, it is one that would never occur to a Marine.

The critique was written by a lieutenant colonel named Shaked — first name unavailable — and appeared as a two-part series in the magazine "Ma'Arakhoth," official publication of the Israeli general staff.

With fine impartiality, Lt. Col. Shaked, who was one of seven Israeli officers who spent a year observing the Marines, found 14 things to the Marines' credit and 14 which he considered were on the debit side.

In general, Shaked found that the high self-esteem with which the Marines customarily regard themselves was justified.

In passing, it might be noted that there is an affinity between the Israeli armed forces and the Marines which goes back over 15 years and may come as a surprise even to Shaked.

One of the best-kept secrets of those years is the fact that a few Marine Reservists helped train some of the Israeli commandos shortly after the nation was formed in 1948.

Anyhow, Shaked really found only two things he classed as really major faults. One involved officers and the other, night operations.

By Israeli standards, Shaked said, Marine officers were "too orthodox;" they preferred "the safe and easy course of doing everything by the book as taught at Marine Corps schools."

He added that the Marine officers were "unwilling to risk daring and unorthodox solutions."

Shaked also found that Marine junior officers were too young and inexperienced in relation to their noncommissioned officers. He noted that only 25 per cent of the Marine's officers came up from the ranks whereas all officers in the Israeli army had

served at least a year as an enlisted man.

The lieutenant colonel was critical of what he said was a lack of emphasis on operations at night and during bad weather. It is at these times, he said, that surprise attacks could be improvised and carried out.

These criticisms aside, Shaked characterized the Marines as a unique, outstanding outfit "without a parallel among the best armies in the world."

Shaked concluded that the Israeli armed forces could learn a great deal from the Marines.

4-H Tractor Operators Vie In Contest

Thirty boys will compete in Columbiana County's annual 4-H tractor driving contest at 1 p.m. Saturday at Gause Implement Co. location on Route 172 at Guilford Lake.

Charles Gause, tractor club adviser, said the field will be reduced to six county finalists who will compete at the same place at 1 p.m. Saturday, Aug. 22, for a trip to the Ohio State Fair contest.

These eliminations lead to the eastern United States 4-H tractor operators contest, Sep. 27-29, a Richmond, Va.

Boys in the county contest must have satisfactorily completed work in tractor safety, gained experience in servicing and operating a farm tractor.

Gause said the contestants will have to demonstrate their ability in each area of the contest. The winner will be the boy with the lowest penalty score.

These contests climax the 4-H tractor program for 1964. The club had 37 boys enrolled. The public is invited to watch the young operators perform.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I would like to take issue with you and others who write for newspapers and magazines. For years have been bugged by your snide pokes at those who are a little overweight.

We are called "Blimps," "Waddling Ducks," "Baby Hippos" — and countless other unflattering names. Why is it that no one ever says a word about the 50-year-old dame with a face like a dried prune wearing size 8 Bermuda shorts and a halter top in the supermarket? Her legs look like a canary's and invariably she is clomping around in a pair of wedgies — usually gold.

Yes, I'm one of the slightly overweight ones, as you may have guessed, but my husband says he'd rather have me this way than looking like a freshly hatched chicken.

Thank you for letting me have my say. — **PIECE SPOKEN.**

Dear Spoken: You are welcome. And now that I have let you have your say I undoubtedly will be in bad with all the dried-prune, canary-legged, size 8 ladies in gold wedgies.

Unfair Teacher

Dear Ann: I was jarred by your advice to the student who griped because the male teachers chummed up to the pretty girls in the class while the female teachers showed partiality to the handsome football players. You said, "A little banana oil is an effective lubricant for the machinery of human relations."

Granted, but what can a student do about a clash of personalities? I loathe my English professor and he knows it. He vents his spleen by giving me C's when I deserve A's.

In a math course the answers are either right or wrong but in English a student can get killed on "interpretation, clumsy syntax, overwriting, lack of originality" — and nauseum. If the professor decides your writing is "pedestrian and unimaginative" who can argue? Is this fair? — **BITTER.**

Dear Bitter: No it isn't, but did you get the idea that life is always fair?

You are bound to encounter personality conflicts (unless you decide to go live alone on a desert island). The sooner

you learn how to deal with all types of people the better.

We all know extremely competent individuals who are surpassed by mediocre ones, simply because they can't get along with their superiors. Are you going to be one of them? Take inventory, friend.

Self Adoration

Dear Ann: Our 16-year-old has me worried. She is a beautiful girl, has a flair for clothes and is popular. I get so tired of her incessant pitch for compliments that I don't know what to do any more.

Every day she asks, "Do you think my hair is 'REALLY' all right? Should I wear bright lipstick or should I wear none at all? Does this dress make me look 'too fat'? Am I too thin? Who is the prettiest girl in our crowd?"

My husband has heard some of this talk. He says she is just too confused stuck on herself and that I should take her down a few pegs instead of buttering her up by telling her what she wants to hear.

Will you give me your views? — **ZANZIBAR.**

Dear Zan: Your daughter would not be begging for compliments if she were not starved for reassurance.

Try complimenting her without being asked. Such praise is infinitely more meaningful, and it will reduce the fishing.

Ann Landers will be glad to help you with your prob-

lems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

If You Feel Faint, Lie Down

Fainting is not as common as it was 60 or 70 years ago. This is partly because it has gone out of fashion and partly because women wear less constricting clothes and keep themselves physically more fit.

Dr. Brandstadt

When you see someone faint nowadays it is more often a husky male who, in a misguided effort to be brave, ignores such warning signs as lightheadedness, nausea or sudden dizziness.

Simple fainting never occurs in a person who is lying down and rarely in a person who is sitting. When consciousness is lost in these positions it is due to some serious injury associated with severe blood loss, extreme pain or damage to an internal organ.

THESE CONDITIONS require emergency treatment by a doctor whereas simple fainting is a temporary condition that is harmless unless the victim falls and strikes his head. When a person faints and assumes a horizontal position there is usually a prompt return of consciousness without any special treatment.

The cause of simple fainting is failure of sufficient blood to reach the brain. It may be triggered by such things as the sight of blood, the prick of a hypodermic needle, or standing motionless as soldiers are frequently required to do. Standing is most likely to cause fainting on a hot day or in a warm stuffy room. A long-distance runner may faint from exhaustion or a person may faint on hearing of a death in the family.

ONE OF THE commonest causes of fainting is getting up out of bed suddenly, especially after a long illness or when in a weakened condition. The modern practice of getting up a day or two after an operation has done much to prevent this type of fainting.

The most important item of treatment is to lie down at the first hint of lightheadedness even if you are in a public place. It doesn't look nearly as silly to lie down on the sidewalk as it does to fall and have to have stitches taken. And if you must stand still for a long time you can prevent fainting by continuously wiggling your toes.

If someone else has fainted,

don't throw water in his face—he may inhale some and have a bad fit of choking. Smelling salts, too, are a

waste of time. Recovery is both prompt and spontaneous. When the victim has revived sufficiently that he feels like getting

up, he should walk around a bit to get his circulation working.

It Was Reverent Funeral

Report of Man's Death Was Very Exaggerated

LOS ANGELES (AP)—Ramundo Reyes' funeral was a reverent event, carefully arranged by members of his family.

They chipped in \$150 to pay the mortuary and cemetery. His nephew contributed \$22 for the burial suit. Reyes' Social Security was cut off, his other worldly affairs were terminated.

Final rites were conducted last Friday.

Tuesday, Reyes, 74, was home again.

The nephew, Adam Rios, saw him first. Reyes was crossing the street, toward his house.

"I put my hand to my forehead," Rios related, "and I said, 'Oh, my God!'"

Rios' sister, Paula, 75, was more calm.

"Where have you been?" she asked Ramundo, with whom she resided.

He murmured something about Mexico, but he didn't remember much that had happened since he disappeared three weeks ago.

Miss Reyes said her brother accompanied her to General Hospital three weeks ago when she went for treatment. He waited outside.

When she returned to the waiting room, he was gone. So was \$16 in her purse and \$290 in her shopping bag.

Police were notified.

Last Wednesday, police called to say the coroner's office had the body of a man matching Reyes' description, who had died the day before at a downtown relief mission.

"We went right down," said Rios. "We even took along some of the neighbors and friends, and they all agreed that it was my uncle."

Fifty friends and relatives filed past the open casket after the rosary last Thursday night. None questioned the identity of the deceased.

"I would have sworn it was him," said a neighbor.

Uncle Ramundo couldn't explain what had happened.

Rios said he couldn't believe he'd been away for three weeks. It seemed like only a few days.

"When things like this happen," he said, "the government ought to investigate."

Tuesday Rios took his uncle to Social Security and state aid authorities to prove Reyes was alive, so his payments could start again.

"There he sits now," said Rios, "but who is the man we buried?"

"We call him John Doe," said a deputy coroner.

What does Uncle Ramundo think about his funeral?

"I don't want to think about it," he said.

Deputy May Have Halted Burglary

LISBON—Deputy Sheriff Herman (Cy) Wellman may have interrupted an attempted burglary at 5:18 a.m. today at Pottery Lumber Co. on Route 170 near Calcutta.

He found the front door pried open and called East Liverpool police for help in searching the building. They found no one.

David Beatty, a company officer, could find nothing taken, Wellman said.

The deputy said Constable Lester McElhane of St. Clair Township checked the building at 4 a.m. and everything was in order.

Theft Reported

Ralph Dumovic of 617 Newgarden told police that a tricycle had been taken from the front of the home after 7:30 p.m. Sunday. Three bikes valued at \$100 were taken from the home of Mrs. Robert W. Hamilton of 583 E. 7th St., since 9:30 a.m. Monday. A flashlight and a transistor radio valued at \$22 was reported stolen by Mrs. L. Porter of 459 W. 5th St. The items were taken from her daughter's car.

Grace Roller of 266 N. Howard Ave. told police that her driver's license registration card, insurance card, auto club card and tire gauge taken from her car Monday had been found in the field close to Lincoln Machine Co. plant on W. 3rd St.

Lisbon Youth Found Guilty Of Charges

LISBON — Larry Lutz, 18, Lisbon, was convicted of charges of disturbing the peace and resisting arrest at a four-hour hearing Tuesday night in mayor's court.

Mayor Dean Stockman withheld sentencing pending results of a hearing on a third charge — loitering — at 8 p.m. today in village hall.

Over 75 persons, half of them juveniles and friends of the defendant, crowded council chambers and spread into the hallway.

Mayor Stockman told spectators he would permit no disturbance and police were there to remove anyone who might cause trouble.

Police Sgt. Kenneth McKenzie testified he had orders to break up loitering after midnight around the Shell Service Station corner on W. Lincoln Way. He said he told the defendant and several companions they would not be permitted to hang around the station anymore and he would have to arrest them if they did.

The officer said he found the boys there at 3 a.m. the next morning — Aug. 5 — and had to hit Lutz and Charles Hutcherson, 19, when they resisted arrest, called him bad names and defied him to carry out the arrest.

Both youths received contusions of the head and Lutz was hospitalized one day for X-rays.

Hutcherson was on furlough from the Army. Charges against him were dropped when he returned to his station the following day.

Solicitor Joseph Baronzi questioned Ronald Taffini, the service station attendant, who substantiated McKenzie's account.

Atty. Howard Cole, defense counsel, questioned the defendant and two companions who were at the station — Calvin Rice and Donald Davis, both of Lisbon.

The defense claim was that the four youths were washing a car, not loitering, and police had no right to arrest them. They said they had been riding around in Rice's car until 3 a.m. Lutz admitted he had been warned the night before.

Mrs. Lillian Rogers, Common Pleas Court shorthand reporter, took a record of the proceedings.

renovation of existing plant and a substantial amount of new equipment. The new building will approximate 65,000 square feet of floor area and will house a relocated and expanded heavy machine shop. The present machine shop area will be renovated and used for expansion of the plant's foundry facilities.

Peterson said the expansion and modernization program at Pittsburgh will increase capacity by 25 per cent and accelerate product delivery. The work is scheduled for completion within the next two years. This plant produces cast iron mill rolls and tube straightening equipment.

At Midland, Pa.

At the Mackintosh-Hemphill Plant in Midland, where substantial capital investment has been made in the past two years, a large modern shop blast unit for cleaning rough castings will be installed as soon as possible. Also there will be a new factory bay to house the unit and provide space for relocating some annealing furnaces.

This work will cost about \$350,000 and is the forerunner of additional major capital investment in Midland, Peterson said.

This plant is basically a steel foundry producing mill rolls, cinder pots and other castings.

Voting Errors Discovered In Cleveland

CLEVELAND (AP)—Investigators for Secretary of State Ted W. Brown report they have found evidence of voting irregularities in two Cleveland wards in the May primary.

Brown reported Tuesday that a month-long probe by three to five full-time election investigators has revealed ballot fraud in Ward 10 and illegal registration and voting from vacant houses in Ward 17.

"There is fraud if the facts hold up as it is diagnosed in the findings," Brown said after presenting the report to Ray C. Miller, clerk for the Board of Elections.

The investigation grew out of a published report that five of 10 persons registered to vote from Councilman Jack Russell's office and home in Ward 6 lived elsewhere. Russell, a Democrat, was ousted in January from the Council presidency post he held for many years.

Brown said his report in the Russell matter is now in the hands of Cuyahoga County Prosecutor John T. Corrigan, who has promised grand jury action on illegal voting cases.

For the past 12 years, Brown said, he had urged the board of elections here to decentralize its operations into three or four offices for closer contact with voting problems.

"But I haven't been able to convince this board," the secretary added.

In Ward 10 Browns' investigators were checking a complaint from Mrs. Lucinda Walker, who was defeated for precinct committeewoman in the May primary. They said they found 41 "short penciled" ballots in Ward 10, Precinct T, and 66 ballots with double "X's" which nullified the ballots for both Mrs. Walker and her opponent, Mrs. Mary Hughes.

Thomas Crisafi, chief state investigator, said of the findings in the report

"The election was taken from her (Mrs. Walker) by a person or persons who marked 41 ballots not voted for either candidate and also by canceling 66 votes for Mrs. Walker by double voting for the office."

The board of elections certified that Mrs. Walker got six votes and Mrs. Hughes 101.

In Ward 17 the investigators reported they found four vacant and abandoned houses being used as voting addresses.

They said evidence also turned up persons who voted but not from the addresses they originally gave when registering.

Miller prepared subpoenas for five day time poll workers in Precinct T last May to appear before the board of elections at 11 a.m. Friday.

full weight in support of Cyprus," Athens radio said.

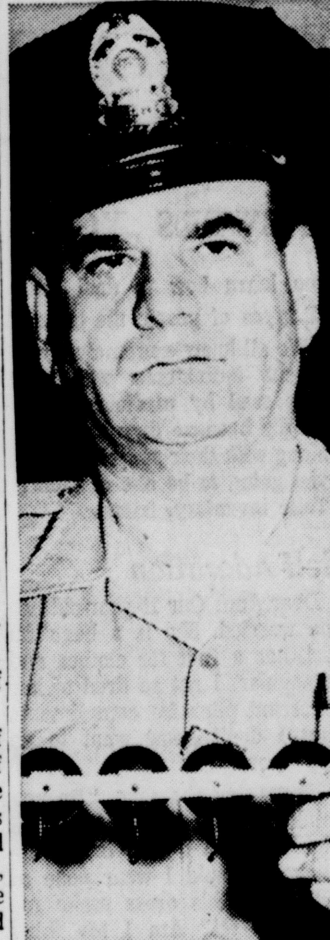

The broadcast said the Greek government deferred a decision to send its air force into action against the Turkish jets until the U.N. Security Council in New York considered the crisis.

After angry exchanges between the Greek Cypriot and Turkish delegates Tuesday night, the council appealed to all nations to end flights over Cyprus. Two Turkish fighters flew a reconnaissance mission over the northwest coast earlier in the day.

Makarios said he expected his appeals for military aid to be successful. Cyprus has asked for help from the Soviet Union, the United Arab Republic, Yugoslavia and Syria, but the response has been mainly words of support.

In Ankara, Turkish air commanders said their planes would continue reconnaissance flights and were ready to deal out heavier blows if the Greek Cypriots renew attacks on coastal villages.

The civil war began last December when the Makarios government tried to end the legislative veto of the Turkish Cypriot minority.

'Hooked'

Thief Snags Money Bags By Use of Fish Hook Bar

A thief with a flare for ingenuity "fished" a couple money bags from the night depository at the First National Bank but he's got the police and the Federal Bureau of Investigation on his trail as the result.

Police Chief Martin Lutsch yesterday revealed the tampering of the bank depository and said a similar attempt had been made at the Farmers Bank several weeks ago.

The "fishing" was done with the aid of a bar fashioned from a hacksaw blade, with five fish hooks attached to one side and rubber suction cups to the other. The burglar, by use of a pass key to the depository door in the side of the First National Bank building, installed the hook bar inside the door and later retrieved a money bag dropped in by a depositor, Chief Lutsch said.

James Aldom reported to the bank and the chief Monday the loss of a money bag containing \$1,100 which he said was dropped into the door Saturday and represented receipts from the Burger-Chef drive-in. Tom Paapadis, operator of Rodis Gin Mill, reported a money bag containing a "sizeable amount" missing.

John Martin, A&P supermarket manager, discovered the obstruction inside the door Saturday and notified police.

Storm Dumps Nearly Inch Of Rain Here

Area residents and street crews were busy today cleaning up after a line of thunderstorms, which moved across Ohio Tuesday evening, struck Salem and vicinity during the evening, dropping almost an inch of rain on the area and causing some damage from strong winds and falling branches.

No major damage was reported from the storm but limbs torn away from trees severed electrical power lines in some areas, causing an interruption in service for some time.

Work crews from the Ohio Edison Co. spent most of the night repairing lines in scattered rural areas, although there was no power failure within the city. Edison officials report that all service was restored during the night.

Lightning caused damage to 11 cables of the Ohio Bell Telephone Co., causing interruption of service to 75 telephones, mostly on Salem's east side.

Work crews were in the process of cleaning up damage today.

A total of .91 of an inch of rain fell here during the storm.

In Lisbon, strong winds accompanying an electrical storm at 9 p.m. left village streets and lawns littered with leaves, twigs and branches.

The street crew was at work this morning removing a big limb which fell across Pritchard Ave. between Chestnut St. and E. Lincoln Way.

Electrical current was interrupted briefly during the storm.

The entire Guilford Lake area eight miles west was without current from 9 until 12:15 a.m.

Politicians Can Adjust To Various Situations

WASHINGTON (AP) — One of the marvels of politics is the way politicians can adjust to situations.

Take this Republican unity meeting today at Hershey, Pa. Barry Goldwater, the GOP presidential nominee, sent out the invitations to Republican nominees.

And the host is Gov. William W. Scranton of Pennsylvania.

Just a few weeks ago, Scranton was doing his best to keep the presidential nomination away from Goldwater. He went about the country saying Goldwater should be rejected, that "we need in the White House a leader who thinks clearly, who doesn't shoot from the hip."

For another illustration of how a politician can rise above strong words, look at Goldwater himself.

"Having opposed civil rights until this year, let him make an issue of it. I'll just repeat back to him the thousands of words he has spoken."

"Lyndon Johnson is the biggest faker in the United States. He's the phoniest individual that ever came around."

Before the month was out, down in the White House and talked about the civil rights issue, how to keep from inflaming racial passions.

Goldwater told newsmen the atmosphere at the meeting was "We're old political friends."

One of the classic examples of a politician sidestepping a heat-of-the-campaign remark came in February 1941, when Wendell L. Willkie was questioned by a senate committee.

Willkie had run against

Franklin D. Roosevelt for president the year before and had declared that, "On the basis of Roosevelt's past performance with pledges to the people, you may expect that we will be at war by April 1941, if he is elected."

Willkie was asked at the committee hearing, "Do you still agree that might be the case?" He replied:

"It might be. It was a bit of campaign oratory."

To cap this discussion of political flexibility, there is a story that former Rep. Brooks Hays of Arkansas tells.

A congressman's friend told him, "Jim, I've just come back from your district and Bill Jones is going to run against you."

"Well, I'm not surprised," the congressman said. "He is a dirty skunk and there is no good in him."

"And furthermore," the friend said, "Charlie Smith is going to help him run."

"They're two of a kind," the congressman reacted. "Scoundrels, both of them."

Then the friend broke down and admitted he had been teasing. He had made up the whole story, that, in fact, Bill and Charlie were both strong for the congressman's re-election.

Reproachfully, the congressman told his caller:

"Now look what you've done. You've made me say ugly things about two of the finest, sweetest characters who ever lived."

dent or his actions.

The Parliament is appointed. The last elections were held in 1955.

By utilizing fully his shrewd sense of balance and timing, Sukarno has been able to play off the country's major strengths against each other and has come out on top.

He is the only president Indonesia has had since independence was declared in 1945.

Outwardly and officially, then, the answer to the lady's question is that Sukarno is popular. For all those voices abroad who denounce him as a demagogue or dictator, an expansionist and aggressor, there are Indonesians here who speak of him in terms of near worship.

SCHOOL LEVY OK'D

LORAIN, Ohio (AP) — Passage of a .5-mill school levy will insure completion of a proposed \$1 million high school and three additions to elementary schools in the Sheffield Lake School District.

Voters Tuesday approved passage 710 to 182. Robert Knudsen, school board president, said the outcome would permit the school district to meet educational needs in the two Lorain County communities for the next 10 years.

Beauty A LA MODE

The Enchanting Teens

The time of your teens is a very special one. True, it's sometimes stormy; but mostly it's sunny. And always it's wonderful because this is a time of flowering of growing in dimension of personality and character as well as stature. So mark it well. Use it to broaden your interests in the many new fields waiting for you. Of course immediate big interest of most teenagers is their appearance. Problem skin can be coaxed back to smoothness. A becoming hairdo, with you in mind, should be your goal. Whether you are a teenager or 21 plus, you should take time for beauty. A new permanent will keep your hair manageable and well-groomed.

Braised Liver--Chuckwagon Style

One of the charms of cooking is the opportunity for exploring new possibilities with foods. For example, here's a tempting variation for preparing beef or pork liver. It's served "Chuckwagon" style. Slices of golden brown liver are topped with a combination of vegetables, then slowly braised. Of course, liver is noted as one of our best sources of iron, a good insurance against that

tired, listless feeling. A well-known home economist, Reba Staggs, points out that liver like all meat cuts, is a leading source of protein. **Braised Liver--Chuckwagon Style** 1 1/2 pounds liver, sliced 1/2 inch thick, 1/4 cup flour, 1 1/2 teaspoons salt, 1/4 teaspoon pepper, 3 tablespoons lard or drippings, 2 cups thinly sliced carrots, 1 cup diced onion, 1 medium green pepper, diced, salt, pep-

per, 1/4 cup water. Cut liver into serving size pieces. Combine flour, 1 1/2 teaspoons salt and 1/4 teaspoon pepper. Dredge liver in seasoned flour. Brown in lard or drippings. Pour off drippings. Arrange vegetables on browned liver. Season vegetables with salt and pepper. Add water. Cover tightly and cook slowly 35 to 40 minutes or until done. 6 servings.

Meats Are Added to Summer Salads

Weight watchers--here's the way to avoid the hungry feeling that comes an hour or two after eating a salad meal. Add ready-to-serve meats to your favorite vegetable salads in generous amounts. You can provide important body-building proteins and give that important stay-with-you quality so often lacking in salad meals.

Sausage meats not only add protein to a salad, but they add an interesting flavor and texture. Cut the sausage into thin strips, squares or wedges, and add it to the salad along with the dressing. If vegetable salads all look the same, try using two or three different greens. Lettuce, romaine, chicory, curly endive and watercress all have their own distinctive flavor and texture and greatly enhance vegetable salads. Fresh green peas or slices of raw cauliflower, zucchini or carrot add to the appearance and taste of vegetable salads. **Hearty Summer Salad Bowl** 1 package (6 or 7 ounce) sliced salami, bologna, New England brand sausage or luncheon loaf, cut in wedges, 8 cups broken head lettuce, 1 cup sliced cauliflower, 1 cup sliced zucchini or cucumber, 1 cup

thinly sliced celery, 2 medium ripe tomatoes, cut into wedges, 2 hard cooked eggs, cut into wedges, 8 to 12 short watercress sprigs, 6 small green pepper rings, 6 thin onion slices, Freshly ground pepper, French,

Italian, Russian or oil and vinegar dressing, as desired. Arrange meat, vegetables and eggs in chilled salad bowl. Just before serving, sprinkle with pepper, and toss with favorite dressing. Yield: 8 to 10 servings.

Cooking Is Fun ...

CHICKEN STUFFED TOMATO SALAD (6 Servings) 6 medium-size firm, fresh, ripe tomatoes, 1 large hard-cooked egg yolk, finely chopped, Chicken salad, 6 stems of parsley, 1 1/4 inches long, head lettuce. Wash tomatoes and flash dip in boiling water and then into cold water. Remove skins with a knife. Cut a slice from the bud ends of tomatoes 1/4 inch thick and save for later use. Scoop out a small amount of the tomato pulp from the centers, leaving a cavity about 1 inch in diameter. Cut each tomato into 4 or 5 petals, beginning at the bud ends and cutting to the stem end, being careful not to cut through the tomato at the bottom. Spread the petals slightly and fill with chicken salad.

Cut 1 1/2 inch round tops from the slices cut from the bud ends of tomatoes. Place one on top of each tomato. Sprinkle with chopped, hard-cooked egg and insert a parsley stem in the centers to simulate a stem. Serve on lettuce. **CHICKEN SALAD** 1 cup diced, cold cooked chicken, 1 cup finely diced celery, 1 teaspoon finely chopped onion, 1/2 teaspoon salt or salt to taste, 1/4 teaspoon ground black pepper, 1 teaspoon fresh lemon juice, 3 tablespoons mayonnaise. Combine all ingredients and spoon into cavities of tomatoes prepared as in above directions. Eagles often live for 100 years.

Alvis Socks Homer In 9th To Give Tribe 3-0 Win

Rookie Tiant Posts No. 5

Donovan To Hurl Against LA Next

LOS ANGELES (AP) — Max Alvis picked just the right spot to blast his first hit since returning to the Cleveland lineup after being sidelined with spinal meningitis.

Cleveland's prize rookie Luis Tiant and the Los Angeles Angels' Bo Belinsky were deadlocked in a scoreless pitching duel entering the ninth inning Tuesday night.

But Alvis broke up the brilliant pitching match with his 13th homer of the season deep into the left center field bleachers. His blast scored Chico Salmon and Leon Wagner who beat out scratch hits off the Angels' southpaw.

Tiant then set the Angels down in the bottom of the ninth and picked up his fifth victory in six decisions and earned his second shutout, 3-0, allowing only four hits.

The Cuban fireballer didn't allow a base runner to reach third as he was in control of the game all the way. Belinsky was equally effective—until the ninth—as Salmon was the first base runner to reach third base. The fleet Panamanian beat out a grounder to shortstop Jim Fregosi leading off in the ninth. Dick Howser sacrificed him to second and Salmon went to third as Wagner got another infield hit.

This brought Angels' manager Bill Rigney out to the mound to talk with Belinsky. With his ace reliever Bob Lee warming up in the bullpen, Rigney decided to let Belinsky stay in the game. Alvis hit his first offering to give Cleveland its first victory over the Angels in eight games.

Herwig, University of California center 1935-37; Allison Hubert, University of Alabama fullback 1922-25; William N. Lea, Rinehart and Mallory are dead.

The football greats of yesterday were selected by an honor court headed by Fred Russell, sports editor and vice-president of the Nashville Banner, and announced by Chester J. LaRoche, foundation president.

The selections bring the total

of players in the Hall of Fame to 172, and coaches to 51.

The men will be formally inducted at the foundation's annual dinner here Dec. 8 when Donald B. Lourie, Princeton quarterback of 1919-21, will receive the foundation's gold medal award.

College football's Hall of Fame will be built at Rutgers University, New Brunswick, N.J.

Blaik, now an executive of Avco Corp., had a record of 45 victories, 14 defeats and 5 ties in seven years at Dartmouth. At Army his teams compiled a mark of 121-33-10 from 1941 through 1958, winning the national championships in 1944 and 1945 when he had Doc Blanchard and Glenn Davis in the backfield.

'My Greatest Sports Thrill'

Chuck Mather's 1948 Massillon Grid Squad Is Most Memorable

(Charles (Chuck) Mather, author of the following, won fame as coach of the Massillon High School Tigers, made the big jump from high school to the University of Kansas, and now is top aide to George Halas of the NFL Champion Chicago Bears.)

By CHUCK MATHER

Coaching, believe it or not, is a rewarding profession if only because no season is quite like any other.

The excitement inherent in the sport of football takes a variety of forms, and the more years a man spends in coaching the greater store of memories he builds up.

It would be most difficult for me to single out any one season or any one team as the best—the one that gave me, personally, the most thrills.

Even the losing teams certainly have their places in a coach's memory book. For instance, I once coached a high

school team, and later a college team, which still hold national records in the category of most kickoffs received.

And both were up among the leaders in total punts for the season, too, which will give you some idea of our offensive capacities and our ability to move the ball.

However, I have always had great admiration for qualities that can be described only by using clichés—desire, and the spirit of fighting to win.

In retrospect, I must regard our 1948 Massillon High School team as one that exemplified those qualities. It was not our greatest in physical ability, but it functioned with a reckless, unquenchable spirit and competitive drive that wouldn't be denied.

The very first day of practice, I caught evidence of that attitude. In our 100-yard dash drills, players were diving across the finish line just to

win.

In our opening game, our Tigers scored the first five times they had possession of the ball. In our final game we met a Canton McKinley team that without doubt was one of the school's greatest of all time.

McKinley had averaged over 40 points a game, and "Bup" Rearick had done a magnificent job of coaching. His team was heavy and fast, and he had coordinated those important elements to bring devastating results.

Even our most partisan, ardent Massillon fans were resigned to a loss in a situation where victory would mean The Associated Press state championship and the Rutgers Hall of Fame Trophy.

We won the toss, elected to receive, and started from the most disheartening position imaginable—our own one-yard line.

The first play was not only

a thriller, but was so unorthodox it brought out the tremendous self-confidence and skill of Massillon. It was a lateral in the end zone, perfectly executed for a 12-yard gain.

From that point on every man fought fiercely, and through this competitive concentration we generated strength that led to a 19-12 victory over a heavier, faster foe.

(I might interpolate that the 1963 Chicago Bears were an excellent example of the "fight-to-win" spirit—we had to overcome considerable odds, too, to win the world championship).

As for the 1948 Massillon team, I want to make it clear I'm not minimizing the efforts and results of any other squads coached by me. I have yet to coach a team for which I didn't have admiration.

But the 1948 team's accomplishment was a remarkable forecast of what those youngsters would do in life ahead. They met the test of high school football—and they have met the greater test of life, itself. Each of those boys, since graduation, has attained success and happiness in his chosen profession.

A Herbert Hoover once said: "Athletics are second only to religion in the moral influence they have had on our country."

Brown Has Sore Back, May See Little Action At LA

Palo Alto, Calif. (AP)—The unsinkable Jimmy Brown, who has been practically immune from injury for seven years, may be used only part time when the Cleveland Browns meet the Los Angeles Rams in an exhibition game Saturday night.

The big fullback has sore back muscles from summer training at Hiram and aggravated them

during the Browns exhibition Game Sunday in San Francisco. Brown takes a daily dip in a motel pool here to ease the muscles back into shape. A final decision on his condition will have to come from trainer Leo Murphy, who suggested to head Coach Blanton Collier that Jim be pulled from the 49ers game. Brown, the National Football League-leading ground - gainer

for six straight seasons, has never missed starting a game since taking over as fullback in 1957.

Another injured veteran is flanker Gary Collins. He suffered a bruised and cut hand in a collision with a photographer before the 49ers game and has a tender right shoulder from tackling Kermit Alexander on a punt return in the first quarter.

Aside from the injuries, Collier has to make a decision on trimming the 51-man squad to 40 before the regular season opens Sept. 13 in Washington. A number of first-year men will get a good look from coaches Saturday.

"That's the only way we can make a decision on some of these fellows," Collier said. "Eleven players must go. We learned some things about them and their ability to execute in San Francisco."

"We're looking for more information. Several who seem to do well in one phase didn't maintain the standard on some of the units, like punting and kick-off teams."

There is a possibility that Collier may get his first look at linebacker Billy Truax of Louisiana State under game conditions. The 6-foot-5, 245-pounder suffered a torn hamstring last month and worked out Tuesday

Says Great Fullback Doesn't Block

Otto Graham Suggest Browns Trade Brown

STANFORD, Calif. (AP)—The ham is not the coach of the Cleveland Browns will retain the services of Jim Brown at fullback despite the advice of former Cleveland quarterback Otto Graham.

Graham suggested Tuesday at a luncheon in Canton, Ohio, that Brown should be traded because of failure to block or fake.

Cleveland coach Blanton Collier reacted as if Graham had asked them to sell their children into slavery. Brown took it like a slap on the shoulder pad by a 180-pound defensive back.

"I feel that this isn't important because Otto has no connection with pro football or the Browns," said Brown. "I feel his is just like a statement from any football fan, and any fan has a right to his opinion."

Graham had conceded that Brown is a "great athlete and he could block, but he doesn't. This is ridiculous."

"The Browns will not win anything as long as Brown is in there. Now chew on that for a while," Graham told about 150 people at a National Football League Hall of Fame gathering.

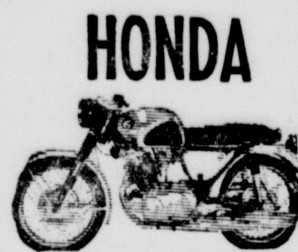

"Jim Brown has done everything he has been asked," said coach Collier. "On pass protection he does a good job. When halfback Ernie Green carries the ball, Jim blocks."

"It is obvious that Otto Gra-

ham is not the coach of the Browns," said Modell of the man who coaches the Coast Guard Academy. "The charge that Jim doesn't fake is ridiculous."

Cleveland remained in the San Francisco Bay area after losing last Sunday to the San Francisco 49ers, 26-7, in the exhibition opener for both teams. The Browns play the Los Angeles Rams Saturday.

Man With Cigar — I
HOLLYWOOD, Calif. — "It's been six years now since Gracie retired," said George Burns, gazing blandly at the fresh cigar in his hand and pausing for the precise count of two. "For a while, I did a show without Gracie," pause. "And that should have been the title."

He was sitting in a cramped dressing room on the set of a new ABA-TV comedy series, "Wendy and Me," on which Burns plays the scene-setter, time-bridger, co-star (with Connie Stevens), and up at the front office, executive producer. He also has his hand in another ABC fledgling, "No Time For Sergeants" — as production supervisor — and pays close attention to a CBS veteran called "Mister Ed."

About the last-named series, Burns said: "You can wheel his dressing room anywhere, pay him a few bucks, give him a little hay — no problems."

BURNS PLAYS the owner of an apartment building in "Wendy and Me," with Miss Stevens as one of the tenants. "I came to Warner Brothers," he said, gesturing about him with the cigar, "to get Connie Stevens, and when I got Connie, they got me. They liked what I did with 'Wendy' and gave me 'Sergeants.' My job is just to sort out everything that goes on, play bridge and take dancing lessons. I seldom come to the set. What's there to see? People in make-up and actors blowing lines." He placed the cigar slowly into his mouth.

Asked about the talents of Miss Stevens, he said: "I predict this kid will go through the roof. She's a fine, thinking actress."

"Gracie, you know, wasn't a comedienne. She was an actress. And Connie is the same; she's not conscious of the immediate laughs, she's playing a part. Lucille Ball is conscious of laughter. To Gracie, there was no audience, no footlights. It was easier for me to get laughs with an actress other than a comedienne. Working with Carol Channing in a club was different. Very different. She'd look at the audience, and then she'd look at me. But by then I'd be looking at the audience. With an actress — she's looking always at me."

"On a stage with Jack Benny, we could go for hours, looking at the audience and then the other guy — out, in, out, in."

WE GOT TO TALKING about the famous George Burns cigar. "I smoke 25 to 30 of 'em a day," he said. "I wouldn't know what to do if I didn't smoke. Get sick, I suppose. In my act, the cigar takes the place of a straight man. Since Gracie left, I've been having the cigar doing the straight lines, and I'm the comic."

How exactly, Burns was asked, does he use the cigar? Burns said: "If you begin to be conscious of your methods, you are cooked. I was talking to Pat Buttram over at the Masquers one night as he was about to perform. I asked him, 'Pat, are you conscious of your hands when you work?' He said no. Then he went on and, after a few minutes he looked over at me and said, 'George you \$!—?' It was the first time he'd been conscious of his hands. Didn't know what to do with 'em. Nah, all I do is read lines and smoke."

"WENDY AND ME" is a sure-fire success, as far as its executive producer is concerned. "What have we got across from us on Monday evenings?" he said. "The Lucy Show," Andy Williams, pay TG and probably the baseball games. We've got nothing to worry about. Williams doesn't

sing in my key, anyway."

All of this is said in the most relaxed way. He talks about his contributions to "Wendy" just off-handedly. "The scripts write themselves" is his description of his work as editor. And as for his role: "I might sing a little, dance a little." A breeze, really. And, oh yes, almost forgot — he's working on three separate projects just now for the season of 1965-66.

The cigar is working overtime, a visitor feels. Burns is just lolling around.

Ways To Solve Illegal Parking Are Effective

SAO PAULO, Brazil (AP) — Rio de Janeiro solved its illegal parking problem by deflating the tires of violators.

Sister city Sao Paul has come up with a more subtle but just as effective solution:

Illegally parked cars are impounded. To recover the car, the owner must go to the proper department and pay the 20 cruzeiro — less than two cents — fine.

Simple? The Paulistas have employed every trick in the bureaucratic book to make it complicated.

The owner must go in person. The pound is on the outskirts near the airport. No buses go by it. It is either an expensive taxi ride or a long walk.

When the owner arrives he finds a line ahead of him.

The delegates charged with accepting the fines is painstaking in checking documents and is obliged to pause frequently for coffee breaks or to talk on the telephone.

A word from **THERON** at the **Country Store**

The other evening I was talking to a man from another town. He was telling me he can find items in our store which he can not get at the store where he usually deals.

Many people tell me we have a larger selection in our grocery department than many of the big city stores.

We invite you to visit the Country Store where shopping is an adventure, never a chore.

Pilgrim Church to Mark Anniversary

Founded Here 25 Years Ago; Plan 3-Day Services

By PEARL WALKER

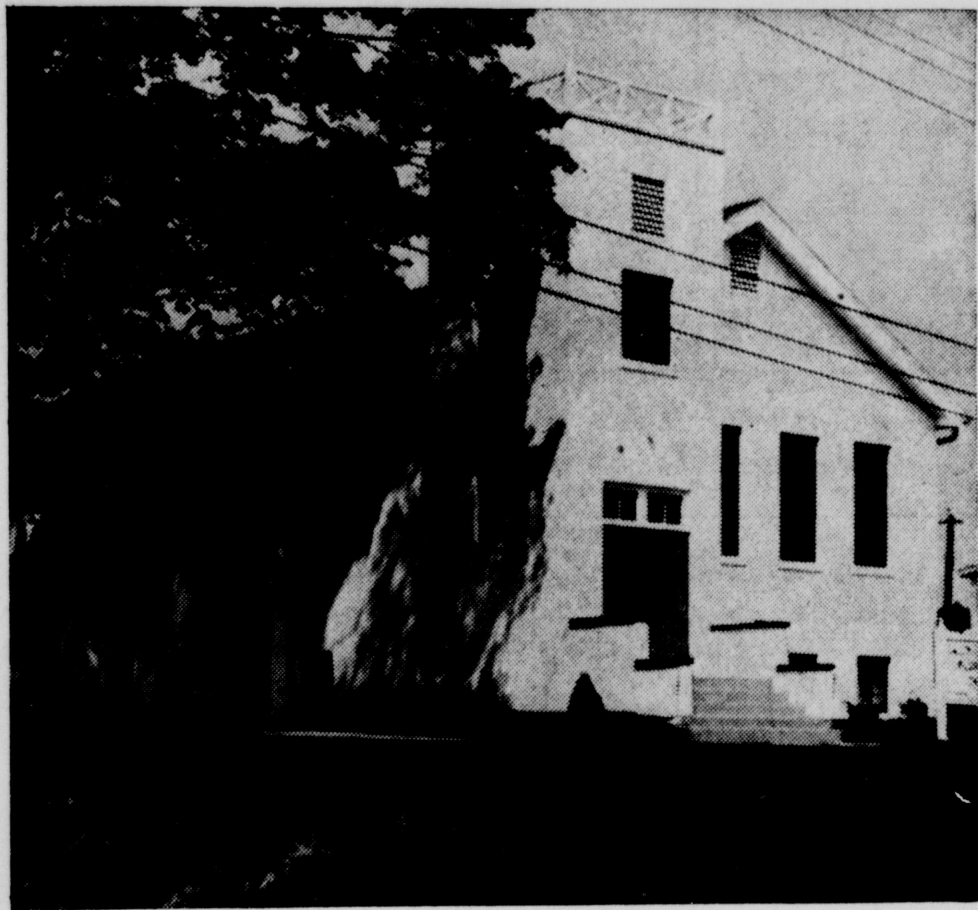

Three former pastors will have part on the program when the Salem Pilgrim Church, Depot Rd., observes its 25th anniversary with Homecoming services Friday and Saturday at 7:30 p.m., and Sunday at 10:45 a.m. and 2:30 and 7:30 p.m.

They are Rev. George Shull of Titusville, Pa., speaker for the opening service; Rev. George Watson of Aliquippa, Pa., who will address the group Saturday night, and Rev. E. R. Mitchell of Covington, Ky., will speak Sunday morning. Rev. Harold E. Schmul, the pastor, will give the closing sermon Sunday evening.

On Saturday at 5:30 p. m. there will be a fellowship supper in the Salem Bible College cafeteria, Woodsdale Rd. The Sunday afternoon musical will be under the direction of Leroy Adams of Overland Park, Kan., who is home from mission work in Eritrea.

AMONG THE YOUNGEST of the city's churches, the Salem Pilgrim Church had its beginning in August, 1939, when Rev. J. O. Emrick of Colorado Springs held a meeting on Jennings Ave. After this meeting a small group organized a church and rented a building at 321 S. Broadway. The group held services there for eight years. Rev. Clayburn Andrews was the first pastor.

In the spring of 1941 the Broadway building was damaged by fire. That summer the

The Pilgrim Church on the Depot Rd. south of Salem.

church purchased the building and remodeled it. The first floor was used for church purposes and a parsonage and the apartment on the second floor was rented.

It was in 1947, during the pastorate of Rev. Eldon T. Rotz that work was started on the present edifice, which is located in a growing residential section on the Depot Rd., a short distance from the city. The church was completed in 1950.

Westville

By GLADYS OESCH

Westville Workers 4-H club met Friday at the Cope home. Elizabeth Penrose gave devotionals. Plans were made to play Putt-Putt golf. Projects for sewing and cooking will be held this week for judging.

Mrs. Myrtle Oesch of Berlin Center, Mrs. Merlin Stanley of Damascus, Rachel and Gladys Oesch were Saturday evening guests of Mr. and Mrs. Harry Bowker of Columbiana.

Mr. and Mrs. Timothy Schaffer have named their infant son Ty Allen.

The 57 Club had dinner at Grady's, followed by a game of golf recently.

The 74th annual Oesch reunion was held at Firestone Park Saturday evening with 165 in attendance.

A picnic supper was enjoyed, with Mrs. Alex Lawson of Alliance giving the invocation.

Attorney John Oesch of Youngstown, presided at the business meeting.

Recognition was given to the two oldest in attendance, George Oesch, Columbiana, 88, George Wagner, 86, Homeworth, youngest members, Robert Clark Jr. of Akron, and largest family, Mrs. Edith Seltzer, Zanesville.

The reunion will be held at the same place next year.

Japanese women were eligible to vote and went to the polls for the first time on April 10, 1946.

At the same time the church was under construction a parsonage was built next to the church. Much of the work on both buildings was donated labor and many sacrificial hours were given to make the building program a success.

IN PREPARATION FOR their Silver Anniversary the congregation has redecorated much of the interior of the building and new floor coverings have been added in the basement which is divided into five classrooms. Among other improvements are a new cement sidewalk on the south side of the church, most of a new parking lot completed, and shrubbery planted.

Names of the pastors and the years that they served are as follows: Rev. Andres, (1939 - 1941); Rev. Rotz, (1941 - 43); Rev. Emrick, (1943 - 46); Rev. Rotz, (1946-52); Rev. Mitchell, (1952-55); Rev. Shull, (1955-57) and Rev. Watson, (1957 - 62). Rev. Schmul began his ministry in 1962.

Hints From

Heloise

By HELOISE CRUSE

Dear Heloise: For those who like their coffee hot and use a candle under the coffeepot at the table . . .

We found good candles were hard to buy; and some of them are messy. So, instead of candles, we use rubbing alcohol!

Fill the rubbing alcohol bottle cap with some alcohol, put it under the coffee pot and ignite the alcohol.

It will burn with a blue hot flame for about 10 to 15 minutes.

J. P. GIBSON, MD.

DEAR DR. GIBSON: You are right, we put the cap on the little shelf where the candle ordinary sets.

Then we poured 70 per cent Ethyl alcohol in the cap of the bottle and ignited it . . . this produced a blue flame, and as you said, it burned for 10 minutes or longer.

Next we tried the same procedure with less expensive isopropyl alcohol and it produced a bright orange flame. The flame will automatically go out when the alcohol has all evaporated. No worries about burning the coffee pot such as might happen with a forgotten candle . . . and no wax dripping on the tablecloth.

A word of caution — DO NOT try using a larger container. The flame might get out of control.

Doctor, we really thank you for this HOT tip!

HELOISE.

DEAR HELOISE: When tumblers are stacked, they are often difficult to get apart.

To avoid this, drop a toothpick into each one and they will come apart much more easily.

MISS G. G. KELLEY.

True . . . try it gals!

HELOISE.

DEAR HELOISE: I use a few drops of food coloring and color the water in my goldfish bowl. Different colors can be used — it only takes a few drops — and it is really quite pretty.

S.K.H.

DEAR HELOISE: Here is a good hint that entails no expense for the housewife:

When turning up hems, use a 36-foot ruler of light wood and around this put a heavy rubber band (doubled a few times).

Put the rubber band on the line which corresponds to the number of inches from the floor for your desired hem length.

Then insert your pins in your material where your rubber band marks the correct height from the floor.

It is so easy to mark hems with this method.

AUTUMN WARNER.

DEAR HELOISE: A reader asked how to handle a wall behind a stove, regarding spatters.

Years ago, I learned to put up a mirror on the wall in back of the stove. The initial investment is the last. The mirror not only can be kept clean with window cleaner, but it brightens the kitchen, enlarges it if it is small, and

garding spatters.

MARGARET GLASS.

DEAR HELOISE: Here is a little moneysaving hint I discovered that might prove useful to other mothers of budding ballerinas:

We were asked to paint our children's white ballet slippers to match their costumes and poster paint or shoe make up was suggested.

However, I discovered that if one takes a small amount of white shoe polish and adds a few drops of red food coloring (in our case we needed pink), the result is a beautiful soft color and finish. Any color can be used.

Fourth Graders May Join 4-H Clubs

Columbiana County 4-H clubs will be open this fall to boys and girls 10 years old by Jan. 1 or in the fourth grade in school.

The new regulation was made by the County 4-H council and becomes effective Oct. 1. Previously, prospective members had to be 10 years old by Jan. 1.

County 4-H Agent Robert Lewis said the change will permit any fourth grader to join 4-H and will increase county enrollment figures considerably in 1965.

The state 4-H council recommended the change, Lewis said.

Greenford '58 Class Schedules Reunion

GREENFORD — The annual reunion of Greenford High School's Class of '58 will be held Sunday beginning at 4 p.m. at the home of Mr. and Mrs. Gene Patterson on the Middletown Rd.

Mrs. Patterson, formerly Mary Copley, and Mrs. Stanley Manypenny of the Lisbon Rd., who have organized the celebration, said a wiener roast and coverdish supper will be held. The class consisted of 46 students, most of whom still live in Ohio.

Ten Presidents of the United States could trace their ancestry to Northern Ireland.
